## Our slitting and shearing factory

### Cold rolled shearing

Material thickness:0.2-2.5mm

Material width:280-1640mm

Coil ID: 500-600mm

Coil OD:2000mm

Coil weight:max 18mts

Plate length:280-6050mm

Weight of the plate pile: max 10mts

Height of the plate pile: max 600mm

## Hot rolled slitting

Material thickness: 1.8-6.0mm

Material width: 280-1640mm

Material coil ID: 508-800mm

Material coil OD: 1000-2000mm

Material coil weight: max 30mts

Minimum width after slitting: 34mm

Strip coil ID after slitting: 508mm

Strip coil maximal OD after slitting: 1700mm

Steel sheets after slitting and shearing
