INTRODUCTION

To
The Purchase Manager / Procurement Department
M/s:

Kind Attn: Mr.

Sub: Manufacturer and Exporters of Metal & Industrial Equipment.

Respected Sir/Madam,

Metal Industries was founded by a group of many years experienced specialists with products developing, designing, producing management and quality control.

Our mills are certified by ISO 9001:2008 we are supplying only good quality, traceable inspection and reliable delivery. We are leading manufacturer of special in Ferrous & Non-Ferrous Metals, Fittings & Industrial Equipments meeting National /International Standards such as ASTM / ASME, JIS, IBR and NACE, from Stainless Steel, Carbon Steel, Alloy Steel Materials. Our products are used for water processing, power, ship-building, Petroleum, Chemical, Power, Gas, Metallurgy, Shipbuilding, Construction, Sugar , Paper, etc.

The depth of back-up inventory in our branches and distribution nodes gives us the strategic advantage for providing a high level customer service across a broad geography.

Metal Industries has even decided to compete at the global level and has taken concrete steps by exporting products. It has also established distribution networks in various continents around the globe.

We will be glad to be having an opportunity to work with your valued organization & would provide our prompt attention to all your valued enquiries & provide you our best service always.

We hence request you to kindly mail us your regular enquiries by enlisting our name in your Vendor List and/or issue the formal Vendor Registration Form and oblige.

Thanking you and assuring you of our best services at all times.

We warmly welcome your valued inquiry.

Thanking You
Warm Regards
For Metal Industries

Madan Choudhary
(Managing Director)

HOUSE OF FERROUS & NON FERROUS METALS & EQUIPMENTS

METAL INDUSTRIES

OUR PRODUCTS

Material: Stainless Steel, Carbon Steel, Mild Steel, Alloy Steel, Aluminium Alloy, Copper, Brass, Nickel, Monel, Inconel, Hastelloy, Etc

ALL MATERIAL AS PER NATION & INTERNATIONAL STANDARDS

METALS

FITTINGS

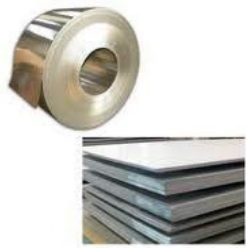

Pipes & Tubes

- Round
- Square
- Rectangle
- Hexagonal
- U Tubes
- Octagonal

Butt weld & Forged Fittings

- Elbow
- Tee
- Reducer
- Cap
- Stub End
-

Sheet/Plates/Foils

- Sheet
- Plates
- Circle
- Foil
- Coil
- Strips

Flanges

- Slip-ON
- Weld Neck
- Blind
- Threaded
- Lap Joint
- Plate

Bars & Wires

- Round Bar
- Square Bars
- Flat Bars
- Wire
- Other Shapes

Valves

- Globe
- Gate
- Ball
- Check
- Butterfly
- Other Valves

Angle/Channel/Beam

- Equal Angle
- Un-Equal Angle
- I Beam
- Channel

Instrument Fitting & Valves

- Double Ferrule Fitting
- 37 Deg Flare Fitting
- Fareless Tube Fitting
- Quick Coupling
- Niddle Valves

High Purity Metals

- Beryllium
- Indium
- Hafnium
- Molybdenum
- Niobium

Ring Joint Gaskets

- Oval
- Octagonal
- RX
- Bx
- R Type

Plasma Consumables

- Hypertherm
- Esab
- Dinse
- EPE
- Torches

Refractory Anchors

- Y-Anchors
- U-Anchors
- V-Anchors
- W-Anchors and Crook
- As Per Drawing

**WE MANUFACTURE MATERIAL AS PER DRAWINGS & SPECIFICATION ALSO
HOUSE OF FERROUS & NON FERROUS METALS & EQUIPMENTS**

Quality Policy

METAL INDUSTRIES Quality Policy is that all products and services meet the requirements of our customers at all time. Our objective is to provide High-quality products and services.

The quality policy is based on four fundamental principles:

Quality is defined as conformance to requirements, once the need of our customers, our suppliers and our own process have been carefully specified. We delight our customers when we exceed their expectations.

Total Quality Management is more than just a tool, it is our business philosophy. Every individual, unit or team is committed to "doing the right things right - first time". Exceptions will not be tolerated.

The Quality Policy is the concern of all employees, principles and objectives will be communicated as widely as possible. Practical assistance and training will be given, where necessary, to ensure that the relevant knowledge and experience is acquired for successful implementation of this policy.

METAL Industries' Quality Policy Statement

To meet or exceed both internal and customer requirements 100% of the time and continually improve the effectiveness of the quality system.

Testing :

We offer all types of testing services which will be done at any Govt. approved laboratories like:

- Physical Test
- Flattening Test
- Chemical Test
- Bend Test
- Tensile Test
- Hydrostatic Test

Objectives:

- Outstanding customer feedback
- No product rejected
- On time delivery

Third party inspection available:

We offer any third party inspection like

METAL INDUSTRIES

Industries We Serve

Focused on being the global leader in exporting Austenitic Steel, Ferrite Steel, Duplex, Non Ferrous Metal etc, we compete as a dominant market player in the industry.

- Power Houses
- Refineries/Petrochemicals
- Steel Plants
- Cement Plants
- Offshore Platform
- Fertilizer Industries
- Chemical Industries
- Port Trusts
- Coal Mines
- Glass Industries
- Plastic Industries
- Synthetic Yarn Industries
- Pulp and Paper mills

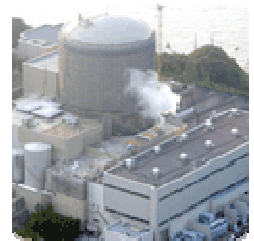

INDUSTRIES

Oil and Gas

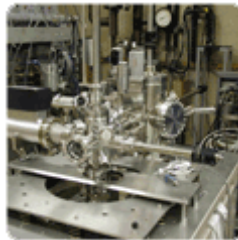

Power Plants

Nuclear

Chemical / Petrochemical

Process Instrumentation

Analytical Instrumentation

Shipbuilding

Biopharmaceutical

Orbital Welding System
