Brief Introduction

❖ Company brief:

Hebei Shengtian Group Seamless Steel Pipe Co.,Ltd(STSSP) is a specialized manufacturer of hot-finished and cold-finished seamless steel pipes/tubes from 10mm to 630mm with wall thickness from 2mm to 30mm.

Built in 1990, STSSP was initially built as a cold-drawn pipe mill in east of Cangzhou,Hebei province and covering an area of 85,000m². In 2007, to expand the size range of seamless steel pipe, Hebei Huike Steel Pipe Co.Ltd was built up by STSSP as a hot-rolled and hot extruded seamless steel pipe manufacturer. As a joint venture by STSSP and Huike Group from Hongkong, Hebei Huike Steel pipe Co.,Ltd covers an area of 135,000m². In 2009,STSSP add its investment on seamless steel pipe production and introduce two hot expanding line. Till then, STSSP can produce full size of seamless steel pipes to 630 and has been a leading seamless pipe manufacturer in North China.

❖ Production&products

STSSP is well equipped with full series of production facilities of cold-drawn,hot-rolled,and hot extruded seamless steel pipes covering 3 hot-piercing units, 16 sets of cold-drawing benches, ϕ 180 automatic pipe rolling line, 2 sets of hot expanding line and inspection device like eddy-current non-destructive detection line,material test machine,C-S analyzer,etc.

STSSP's seamless steel pipes are mainly used in structural use,liquid transmission,oil casing&tubing with plain ends,line pipes for pipelines with plain ends,low&medium pressure vessels,high-pressure vessels.

STSSP manufactures cold-drawn seamless steel tubes from 10mm-114mm,hot-rolled seamless steel pipes from 4"-8", and hot expanded seamless steel pipes from 12"-24".

❖ Quality assurance

In STSSP, international standard specification like ASME/ASTM, EN,DIN,JIS,GB/T are well studied and strictly applied during production and inspection of finished products.

Besides the emphasis of quality of product,we put great emphasis on management and operation of our company and mills. STSSP has got all the necessary international certification like ISO9001-2000,API 5L,API 5CT ,etc and the subsidiary mill-Hebei Huike Steel Pipe Co.,Ltd also got the necessary international certification for production and service of seamless steel pipe.

Through years' of operation, STSSP has won overall recognition from its stakeholders and its brand of seamless steel tube - YiLin is recognized as a famous brand in Hebei province.
