

Brass Hinges

A door or window hinge consisting of two rectangular metal plates which are joined with a pin; in large hinges of this type the pin is removable, whereas in small hinges it usually is fixed; fastened to butting surfaces, such as the face of the jamb and the edge of a door.

Butt Hinges

Made from High Quality brass profile and machined with utmost accuracy and perfection to enhance performance. Fitted with tight-fit pins of metals like Stainless Steel, Brass and MS. Available as per request.
