Hart b.v. is a leading **stockholder** based in The Netherlands. Our company was founded in 1964 as a supplier of piping products to the Chemical-, Petrochemical-, Offshore- and related industries. We keep extensive stocks in **seamless pipe and fittings** in Heat and Corrosion Resistant Materials.

We can supply full packages including **Flanges, Bar/Billet and Plate** in Nickel Alloys and Titanium for fabrication and machining companies supplying these industries.

We guarantee a high quality level of products and service through our quality assurance program certified by Lloyds according to **ISO 9001-2008**. We are also approved to remark material in accordance with PED regulations. Copy of certificates available upon request.

Competitive pricing, short deliveries and accurate handling of enquiries and orders has been our standard practice for over 45 years. Please send us your enquiries/orders, so we can prove this to you.

For more information you can visit our website or contact our sales department.
