

Gesteel has several manufacturing locations in Wuxi, Anhui, and Liaoning provinces, and we focus on steel pipes (Petroleum pipes, Oil casing pipes, Gas pipes, Line pipes, Structure pipes, water pipes, Mechanical tubing), as well as round bar, flanges, etc.

Our steel pipes are being produced in strict accordance with API 5CT, API5L, ASTM, DIN, EN, JIS standards according to customers' requirement.

We especially specialize in UNUSUAL sizes with hard-to-find steel grade. If you have a problem in sourcing the material for your projects, we are the right company to be contacted with.

Our competitiveness:

- Over 18 years of knowledge in the steel industry
- Specialize in unusual sizes & grade
- Combination of various size in one shipment
- Ready-stock & urgent delivery
- Long-term partnership with other top Chinese steel mills
- Trustworthy & Customer-oriented
