

1 About Us

Chengdu Yu Vacuum Electronic Materials Co., Ltd. was founded in 2001, which is formally known as a main vacuum coating products supplier in China. We specialize in manufacturing of vacuum plating materials Tungsten filament(stranded tungsten wire heater for vacuum coating), Aluminum wire/plate, Electroplate painting, Toner, Chrome wire, Indium wire, Vacuum gauge, Vacuum pump oil, Diffusion pump oil, Vacuum mud, Vacuum grease, Paint thinner and other vacuum metalizing related products.

2 Export Markets

Spain, France, Italy, Germany, Netherland, South Korea, Poland, Vietnam.

3 Our Products

Tungsten filament(stranded tungsten wire heater for vacuum coating), Aluminum wire/plate, Electroplate painting, Toner, Chrome wire, Indium wire, Vacuum gauge, Vacuum pump oil, Diffusion pump oil, Vacuum mud, Vacuum grease, Paint thinner and other vacuum metalizing related products.

4 Main parameter of Tungsten heater

Product name: Vacuum metallizing stranded tungsten heater

Place of Origin: Sichuan, China (Mainland)

Brand Name: Chengdu Yu

Model Number: NB6-0.81X3-8x8x20x48

Wire Gauge: 0.3--1.5mm

Color: Silver

Purity: $\geq 99.95\%$

Melting Point: $3420^{\circ}\text{C} \pm 20^{\circ}\text{C}$

Weight: 4g-20g

Grade: Top Wal 1

OEM: Yes

Certification: SGS

5 Contact Us
