

**COMPANY PROFILE**

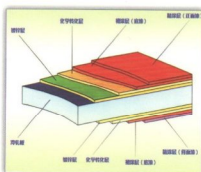

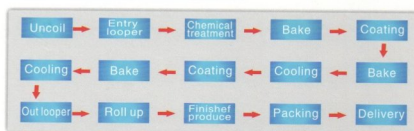

Hangzhou kaimai industrial Co.,Ltd is located in the South of Hangzhou City, Zhejiang Province. We dedicated to the production of the high quality color coated steel Coil.in recent years,our products are sold to both abroad and at Home. We hope to cooperate with friends all over the world and create joint Development.

Color can be customized,pleas tell us what color you need.

**technological process**

**Introduction:**

We adopt hot-dipped galvanized/aluminized steel and cold-dipped galvanized/aluminized steel coils as base material for color coated steel coils. Equipped with advanced machines and technology, we have a scientific work flow to produce high quality steel coils. Our products widely used in many kinds of fields for its durability, resistance to corrosion, artistic appearance.

**Color coated steel inspection standard**

Test item	front side	
Thickness ( μ m )	14-16	7-9
Glossiness	High70 ± 5Middle40 ± 5Low30 ± 5	35 ± 5°
T bedding(T)	3	3
impact(J)	9.0	8.5
Hardness(H)	H	H
MEK	≥100	≥50
Scratch	Level1	Level1
Acid resistance	mmersion in 50%H2SO4 for 300 hours.no color change and no wrinkle	
Alkali resistance	mmersion in 50%H2SO4 for 300 hours.no color change and no wrinkle	
Aging resistance(1000r)	color fading and gloss(top level)	
Salt resistance	500	

**Color coated steel size form**

Name	Width(mm)	Thickness(mm)
data	914-1250	0.18-1.2

● Applicable to workshop buildings,rolling gate,shack,decorative material and home appliances etc.

Advanced and perfect production line is the most important factor of high output and quality. We applied scientific planning and full electronic monitoring system to create a clean production environment, to ensure "zero defect" both for environment and employee.

**[ Product information ]**

**Brand Name:** Kaimai or OEM  
**Place of Origin:** Zhejiang China(mainland)  
**Standard:** AISI, ASTM, BS, DIN, GB, JIS  
**Surface Structure:** Galvanized, galvalume  
**Color:** RAL color  
**Technique:** Cold rolled  
**Coil Weight:** 3ton-6ton, or as per requirement  
**Width:** 914mm-1250mm, or as per requirement  
**Thickness:** 0.18mm-1.2mm  
**Length:** as per requirement

**Production equipment**
