

## COMPANY INTRODUCTION

- We are one the largest manufacturers and exporters of oil purifier in China
- We have more than 10 years export experience
- We offer our customers high quality products at competitive price
- We offer our customers excellent after-sales service
- We are not satisfied until our customers are satisfied!

Chongqing Zhongneng Oil Purifier Manufacture Co., Ltd is a leading oil purifier manufacturer in China, which engages in developing, producing, selling a series of oil purifier such as transformer oil purifier, turbine oil purifier, engine oil purifier, lube oil purifier and so on. We practice in this line for eight years, so we have a strong technology and gain rich experience. Our products have been exported to many countries, and get a high reputation.

Since the foundation of our company, under the duty of devoting our efforts to develop the advanced purifier for saving energy sources, adopting the advanced management like SUBI, and with the reliance on the strong technical force, advanced equipments of production, perfect quality check method, fast and outstanding after-sales service, our company has developed into a national big base specialized in producing oil purifier. Our products are outstanding because of its excellence in quality, stability in service, and diversity of products.

Chongqing Zhongneng Oil Purifier Manufacture Co., Ltd owns a number of national-class oil purifier experts and experienced engineers. Encouraged by the company's modern management mechanism, we have developed six big series, including hundreds of models oil purifier equipments which have the independent property right and advanced filter technology. Those equipments can be applied to many fields, such as the electric power, petroleum chemical, metallurgical industry, mine, aviation, shipping and railway, and so on.

We adhere to the tenet of mutual-benefit and win-win. With the sincere and pragmatic work attitude, we would like open up new Sci&Tech oil purify era with our customer.

## ZY single-stage vacuum insulating oil purifier

**Chongqing Zhongneng  
Oil Purifier Manufacture Co., Ltd.**

oilpurifier.shirley@zhongnengcq.cn

<http://www.zhongnengcq.cn>

Single-Stage Vacuum Waste Oil Recycling Equipment ZY, apply to treat various of unqualified insulating oils, including aging transformer oil, mutual inductor oil, switch oil etc.

## ZYD series double-stage high vacuum transformer oil treatment plant

Double-Stage Vacuum Oil Purifier is mainly used for purifying the insulating oil in all kinds of large power equipments that are above 110KV especially for the area, where height is over 500 meters.

## TY series vacuum turbine oil purification machine

TY is used for treating the unqualified turbine oil, especially the seriously emulsified turbine oil.

This series, which can rapidly and effectively removes the water, gas and impurities aiming at turbine oil's nature of high water content, easily emulsified and high impurity content, make the oil reach the new oil standard.

## TYA series vacuum lubricating oil filtration plant

TYA oil purifier is applied to recover and purify various high-precision lubricating oil such as hydraulic oil, mechanical oil, coolant oil, gear oil, heat treatment oil and so on.

## Product List

1. ZY series single-stage vacuum insulating oil purifier
2. ZYB series multi-function oil purifier
3. ZYD series double-stage high vacuum transformer oil treatment plant
4. TY series vacuum turbine oil purification machine
5. TYA series vacuum lubricating oil filtration plant
6. LYE series waste engine oil recycling system
7. TYB series oil and water separator
8. LY series plate and frame oil filter press
9. JL series portable oil purifier
10. IJ-II series transformer oil dielectric strength tester
