Tel: +86 29 81114837 | Fax: +86 29 85566356

Address: 16TH Floor, Unit 1, Building 3, Garden Plaza, 11# Tang Yan South Road, High-tech  
Development Zone, Xi'an City, Shaanxi Province, China

## Alignsat Briefing

Alignsat, a leading manufacturer of VSAT antenna, Earth station antenna, TVRO antenna, Flyaway antenna, Vehicle mounted antenna, Antenna controller, Antenna tracking receiver, Satcom on the move etc. with installation and commissioning test, training services. Also customized products are welcomed.

Alignsat Communication Technologies Co., Ltd is well positioned to provide cost & high effective solutions for Chinese and global satellite communications requirements. We currently have customers for which we are providing such services in the United States, Europe, South America, Africa, the Middle East, and Asia. Alignsat will continue to devote to world Satellite communication.

## Our Mission

Honesty, development, Innovation, is our company mission. Our engineers all have more than 10 year's relative experiences in Satellite communication industry. We can well understand the needs of customers, to provide professional satellite communications system solutions, we are willing to be your reliable support partner.

## Products & Service Range

Alignsat is leading satellite equipment and solution provider specialized in design, development and manufacturing 4 regular main types of antenna:

- 1) Earth station antenna from 1.8m, 2.4m, 3m, 3.7m, 4.5m, 6.2m, 7.3m, 9m, 11m, 13m, 16m in C, Ku, X, Ka band etc.
- 2) Flyaway antenna (manual & auto deploy).

3) Rx only antenna.

4) Vehicle mounted antenna.

Other antenna products such as customized antenna, VSAT antenna, maritime antenna, antenna controller, antenna tracking receiver, feed system etc.

9.0m Earth Station Antenna

0.55m Flyaway Antenna

3.7m Prime Focus Antenna

Alignsat can also provide complete satellite communications network systems integration including presales analysis, system designing and installation, commissioning test, training, maintenance etc, maximizing the technical and commercial benefits for global customers with better ratio of cost, performance, quality and reliability.

## Production Capacity

Covering 20,00 square meters, staffed with over 100 workers, among which 30 experienced engineer dedicated in research and development. Alignsat utilizes the latest technologies in cutting,

metal and stretching forming, automated machining, robotic-welding, and
