

Russian Trade House OOO Metalprokat

GENERAL COMMODITY BROKERAGE

Metalprokat is a multimarket full service commodity brokerage firm. Buy and Sell commodity futures contracts for just \$3500 per contract. Our brokerage clients receive free consultation and advice from our experienced brokers. Receive Buy and Sell Alerts based upon the proprietary Illionid Money Flow Indicator which analyzes the massive COT report (13K+ data points) issued each week by the Futures Trading Commission to accurately assess the true direction of investments flowing in and out of the commodities market.

Although, we can trade in all commodity classes for you, our main focus is to specialize in energy , metal commodities and precious metals. It is in these areas that we can help and advise in the most effective way and it is what the Illionid Money Flow Report is structured to emphasize.

If experience, results and a trusted source of information and counsel are what you seek in a commodities broker, then look no further than Manskii group .

Metalprokat is a branch of OOO Manskii Illionid, which has been established in 1994 by a Russian executives from different fields of specialty, since then Manskii Illionid proceedings have been growing and evolving in different markets.

Russian Trade House OOO Metalprokat

GENERAL COMMODITY BROKERAGE

Metalprokat has been representing clients in the commodities futures market for over 15 years. In that time, we've experienced high and low markets, and learned where to look to see trends, pitfalls and promise.

The principals of Metalprokat have earned each of these labels over 15 years in the exciting, sometimes volatile, and potentially rewarding commodity market.

OOO Manskii Illionid

Russian Trade House OOO Metalprokat

GENERAL COMMODITY BROKERAGE

OOO Metalloprokat is a Moscow-based general commodity brokers, practicing distribution and consulting advising the world's metals and mining sector on strategic, marketing and commercial issues. Established in 2006, we operate globally with a small team of management consultants expert in the business and technical challenges facing the metals sector.

We take pride in delivering an extensive inventory of products quickly and efficiently. Our expert staff is always ready to help with customized service and attention to detail.

OOO Metalloprokat's Marketing & Distribution services focus on the import/export of steel, nonferrous semis, primary and secondary metals, and industrial raw materials through a network of marketing offices and processing facilities around the world. Our global presence in many Countries allows us to offer Metallurgy consultation, flexible worldwide financing alternatives, along with In-country supervision of warehousing/pickup/delivery. We also offer In-house global transportation, warehousing and logistics support

We help our clients in a variety of ways to activate the business opportunities through a market-led approach. With our advice they create more added value for their direct customers and other downstream players. This enables them to be positioned more firmly as global leaders in their sector.

Our customers rely on us for quality, timely/accurate deliveries, competitive prices with extended payment terms and international diversification – the ability to shift buying patterns to changing world economies. They rely on us to shoulder the responsibilities they would face as a direct importer, namely logistics, letters of credit, anti-dumping threats, and in some cases market risk.

Russian Trade House OOO Metalprokat
